## 1ST SATURDAYS IN KINGSTON

It's been a tradition in Kingston since the '90s that galleries open their doors on the first Saturday of every month to receive the public to view the month's new exhibition.

Throughout the year the First Saturday Guide has evolved in its format, scope and ownership. MAD has been publishing the Guide since 2017.

Kingston Midtown Arts District and its programs are made possible by the New York State Council on the Arts with the support of the Office of the Governor and the NY State Legislature.

## A SUSTAINABLE ECONOMIC FORCE

Many of the original 1st Saturday artists remain active in Kingston's art scene, and today newer artists who live or work in Kingston have joined forces with them to inject their own artistic visions into Kingston.

By capitalizing on Kingston's exciting art history and the combined power base of old and new creative energies MAD has helped to establish the arts as a sustainable force in Kingston's economy.
